The following Standing Orders are written for use by the Facility Nurse only. Health Trained Officers are to refer to the Treatment Protocols for providing inmate care.

**II. AUTOMATIC STOP DATE**

All antibiotics and controlled substances will have stop dates indicated. The Facility Nurse will review individual current medication orders as needs indicate. All medications that are ordered for the treatment of seizures, diabetes, hypertension, heart condition, etc. do not require an automatic stop date but do need periodic review by the Facility Physician.
